APPLICATION STATUS REQUEST

COMMISSIONER OF PATENTS
Washington, D.C. 20231

Sir:

This is an inquiry on the status of the above referenced application and to clarify the file history of the same.

Application No 09/568,292 (the '292 application) was filed on May 10, 2000 claiming priority to provisional application 60/141,866 filed June 29, 1999 and provisional application 60/133,771 filed May 12, 1999. Subsequently, on May 10, 2001, CIP Application No. 09/852,497 was filed from the '292 application.

In conjunction with the CIP filing, the Request for Filing a Patent Application Under 37 C.F.R. 1.53(b) inadvertently included a request for express abandonment of the co-pending '292 application. The express abandonment, however, was not effective and the '292 application was not abandoned because the request was only made in the CIP application and was not filed as a separate paper in the '292 application. The Applicants had no intention of abandoning the co-pending '292 application and respectfully request that the Patent Office disregard the request for express abandonment filed in the CIP application.
